If you have not already completed this task please visit www.bangor.ac.uk/accommodation/essentials1415 as soon as possible.

The Halls Office will record all students who complete the module and will email those who fail to do so.
1. If you leave the University it does not mean that your Residence Agreement is terminated.
2. The Residence Agreement is legally binding and cannot normally be terminated. Please read Residence Condition 5.3. If you are leaving the University please call at the Halls Office BEFORE you leave bringing with you a copy of your ‘Withdrawal from Studies’ form issued by Student Services.

RESIDENCE CONDITIONS

THE HALLS OFFICE

The Halls Office can answer all your questions about living in the Halls of Residence at Bangor University. We can take room transfers, arrange meetings (informal or formal) with the Warden Team and deal with any maintenance issues. If you lose your room key or key card you should also call at the Halls Office to obtain a replacement, for which there is a charge.

When you agree to live in University accommodation you will be directed to read the Residence Conditions which may be found at:
www.bangor.ac.uk/accommodation

and click on Essentials 1415

The Residence Agreement and the Residence Conditions are very important and legally binding. A brief summary of them appears to the right but you should have read them in detail before accepting the Residence Agreement.

10. Smoking, including pipes, vaporizers and e-cigarettes, is not allowed in any University building or within 5 metres of any University building.
11. No animals are allowed in the Residences except for assistance animals.
12. Residents and their guests should not bring illegal drugs, firearms or any weapon (even a replica) into the halls. The University will report any such incident to the Police.
13. Residents should not cause any nuisance, harassment or persistent disturbance to others. Serious or persistent noise nuisance may lead to disciplinary action.
14. Residents may not sublet their room to any other person and residents are responsible for all their visitors and their behaviour while on University premises. The University appreciates that some students will want to bring friends back to their accommodation who may wish to stay overnight. Therefore we may allow occasionally a family member or friend to share the student’s room for a maximum of two consecutive nights in any 7 day period. Residents should register their guests names by going to www.bangor.ac.uk/accommodation and completing the on line form before their guests arrive. Guests must be over the age of 18.
15. Residents are reminded that members of the Warden team and Security team are members of University Staff and in accordance with Residence Condition 2.10 their instructions must be complied with at all times. Verbal abuse of staff will not be tolerated.

Fire

There have, unfortunately, been a number of incidences of fire in Halls of Residence. The primary cause has been through carelessness and/or negligence by residents eg unattended cooking. The University treats all behaviour which constitutes a fire risk, including tampering with fire equipment and fire doors, as a very serious breach of University Rules and Regulations.

It is compulsory for you to complete the online induction module before, or as soon as you take up residence in the Hall. This may be found at www.bangor.ac.uk/accommodation/essentials1415

The induction will highlight some of the potential health and safety issues arising from living in Halls of Residence. This compulsory induction forms part of the University’s Health and Safety Policy, which is reproduced in the Student Guide 2014-15. Failure to complete the module could result in disciplinary action being taken.

A record will be kept of all those who complete the module. This induction is additional to any other such information provided by your department. It is your responsibility to fully familiarise yourself with the remainder of the University’s Health and Safety Policy.

Any student who breaks an alarm glass to raise a false alarm or interferes in any way with the fire fighting equipment, including alarms, smoke/heat detectors, fire extinguishers etc. commits a criminal offence and will be subject to University Disciplinary Procedures, as well as being reported to the Police.

Please familiarise yourself with the regulations regarding Fire in Section 2.10 of the Residence Conditions.

Fire Precautions

Your attention is drawn to the fire precautions, which are posted throughout the Halls. These should be read carefully and observed. You are advised to make a mental note of your nearest fire exit and fire assembly point. To prevent the unnecessary triggering of fire alarms or the spread of fire and/or smoke, you should always ensure doors are closed and never wedged open. This includes bedroom, kitchen and corridor doors.

Cooking in rooms and the use of candles are strictly prohibited and may lead to dismissal. Smoking is NOT permitted in any University building, including bedrooms or within 5 metres of any University Building.

Fire Drills

In the normal course of events two fire drills are held each year in order to test evacuation procedures. You must always evacuate a building in response to the continuous sounding of the fire alarm (see “Fire Alarm Testing” below). The fire drill will need to be repeated if residents fail to evacuate within 3 minutes of the sounding of the fire alarm.

It is your responsibility to make sure you know the location of the Fire Assembly Point for your accommodation (see Fire Notice posted in each individual student room). Anyone failing to evacuate a building when the alarm is sounding may be subject to disciplinary action and/or fine (see Residence Condition 2.10).

If you discover a fire:

1. Immediately operate the nearest fire alarm.
2. Evacuate the area immediately.

Evacuation Procedure

1. If safe to do so, close all doors and windows of the room you are leaving.
2. Leave the building by the nearest safe exit.
3. Do not use the lift.
4. Do not step to enter the building until instructed to do so by the Fire Service or a member of staff.
5. Proceed to the designated assembly point and wait for further instructions.
6. Fire escapes are only to be used in the event of an emergency.

If you find a fire alarm, it is a serious offence to cover any smoke or heat detector. This will result in a disciplinary hearing and you could be asked to leave the Hall permanently.

If you are a serious offence to cover any smoke or heat detector. This will result in a disciplinary hearing and you could be asked to leave the Hall permanently.

Unattended cooking can cause fires and endanger life.

Candles

The use of candles is strictly prohibited in all halls of residence.

No Smoking

Smoking, including E-cigarettes, pipes and vaporizers is not allowed inside or within 5 metres of any University building.

Each of our Residential sites has a Warden Team who are responsible for your welfare and for disciplinary matters within University Accommodation. We are all either students or staff members of the University living amongst you and are available to support you at any time during your stay in Halls.

What sorts of problems can wardens help with?
We are here to ensure students welfare within the residences, which means we are here to help resolve any issues that may jeopardise that. This might mean some free hugs, a noisy neighbour, messy flatmates, if you are homesick or not happy with your course, food thieves... or any other unexpected “surprise” throughout the year.

Anything you tell your warden will be treated in the strictest confidence, so please don’t be afraid to approach us.

How do wardens resolve problems?
Now you have left home and are living independently, we consider you to be young adults and therefore to behave as such. We would always encourage you to sort things out yourself first. You may want to speak to your Warden for advice on how to do this - in our experience, the simplest way is by talking to your flatmates. If you've tried this and it hasn't worked again you may wish to approach any one of our wardens for advice and they will help mediate a discussion to establish the problem and agree a solution. If it is an issue concerning your whole flat, we may call a flat meeting; otherwise we can arrange a smaller meeting between those involved. We will monitor the situation until things improve.

If things still don’t work out, the Senior Wardens have the authority to pursue matters to ensure a safe living environment. This might mean telling your resident who is putting the welfare of others at risk, generally this would start with a warning but when appropriate the Senior Warden may issue fixed and in more serious cases remove the student from University accommodation. Ideally, we would love to help you resolve problems between those involved. We will be doing whatever necessary to find a solution. If we don't know the answer to something, we are very well-placed to find out or refer you to the right place.

Contact the Wardens
If you need to contact a Warden in an emergency please call our 24hr Security on 01248 383477 or email bangor.ac.uk/accommodation/wardens

What can I expect from my wardens?
• Wardens are a friendly and approachable bunch and we would like you to feel like you can talk to us about any concerns you may have. We encourage you to come to us for help and advice, especially if you’ve already tried to work things out yourself first. You can come to us with any problem, issue or concern you have and if we don’t have the answer we will get you in the direction of someone who does.
• We are here to ensure students welfare and for disciplinary matters within the residences, which means we are never hard to find and whilst we wouldn’t mind you turning up at our front doors unannounced, we would strongly discourage this - in our experience, the simplest way is by talking to your flatmates. We will monitor the situation until things improve.
• The Wardens have a vast range of experience in working with students. We will treat your information confidentially and in confidence. We would always encourage you to sort things out yourself first. You can come to us with any problem, issue or concern you have and if we don’t have the answer we will provide you with the opportunity to tell your version of events in any dispute or issue and we will always provide you with the opportunity to tell your version of events in any dispute or issue and we will always treat residents fairly and with respect. We always provide you with the opportunity to tell your version of events in any dispute or issue and we will always treat residents fairly and with respect.
• We will help you resolve problems as swiftly as possible so once all the facts have been established, you can rest assured we will be doing whatever necessary to find a solution. If we don’t know the answer to something, we are very well-placed to find out or refer you to the right place.

What do my wardens expect from me?
• Make sure you're aware of the Residence Conditions or at the very least, read the summary in the Halls information booklet. We will not accept “I didn’t know….” as an excuse when things go wrong.
• You will be sharing your flat with several other students so please be considerate and respectful of their needs. Just because you don’t have lectures until lunchtime, doesn’t mean they’m in the same position. Some may have lectures before midday; some people like to go to bed early. You want to live your life but not at the expense of others. We aim to balance the needs of many different people and your cooperation is vital for this to work.

The Warden team hopes that you enjoy your time in Halls and will help you live in a happy and safe community.
The Programme

The Campus Life programme is committed to stimulating interaction between students of all halls, encouraging tolerance and understanding and fostering a close residential community, through a calendar of inclusive events. The scheme allows you to take a break from your studies and the lecture theatre, meet new people and participate in activities you already enjoy, or perhaps try your hand at something new!

The Calendar

This Campus Life calendar of events is known for its friendly competition between halls, so we want you to get involved, regardless of your skills or abilities and enhance the community spirit. We hold tournaments of sporting and non-sporting events each month and we’re always looking for new tournament ideas. Previous events have consisted of bake-offs, karaoke, dodge-ball, 5 a side and inter halls quizzes, to name a few. The great news is, it’s all FREE!

Check out the Bangor Campus Life website or Facebook page for all our latest news.

We look forward to seeing you.

In some halls we have key cards or key fobs instead of a conventional key. Please remember that once you open your door with a key card it will then work on that card and if you pop to the kitchen and don’t take your card you will be locked out of your room. It is not possible to put the door on the latch in these halls. If your door opens with a key card you need to use the fab to actually lock the door as well.

Please do not punch any holes in your key card or put it on a key ring. If your key card is lost, it will be replaced by the Halls Office. There is a charge of £10 to replace a broken or lost card, fab or key and if you lose your card, card or fab you should come to the Halls Office to purchase a replacement.

Please note that Security Staff can let you into your room if you are locked out. You should telephone 01248 388111 to request assistance. For students whose contracts commence in September this service is free until 12 October inclusive. From 13 October you may be charged £5.00 each time your room is opened for you by a member of Security or a Warden.

Students who move into residence and whose contracts commence in September may be charged £25 to have a room transferred. This is because the same key card will not work in the new room. Please note that we can never guarantee that a suitable room will become available and we do not take applications for a transfer list at least 2 weeks after the start of the session. The exact date will be available from the Halls Office.

There will be a £25 charge for Room Transfers.

Overnight Guests

Guests are allowed in your room at any time during the 24 hour day. In some halls we have key cards or key fobs instead of a conventional key. Please remember that once you open your door with a key card it will then work on that card and if you pop to the kitchen and don’t take your card you will be locked out of your room. It is not possible to put the door on the latch in these halls. If your door opens with a key card you need to use the fab to actually lock the door as well.

Please do not punch any holes in your key card or put it on a key ring. If your key card is lost, it will be replaced by the Halls Office. There is a charge of £10 to replace a broken or lost card, fab or key and if you lose your card, card or fab you should come to the Halls Office to purchase a replacement.

Please note that Security Staff can let you into your room if you are locked out. You should telephone 01248 388111 to request assistance. For students whose contracts commence in September this service is free until 12 October inclusive. From 13 October you may be charged £5.00 each time your room is opened for you by a member of Security or a Warden. Students who move into residence and whose contracts commence in September may be charged £25 to have a room transferred. This is because the same key card will not work in the new room. Please note that we can never guarantee that a suitable room will become available and we do not take applications for a transfer list at least 2 weeks after the start of the session. The exact date will be available from the Halls Office.

There will be a £25 charge for Room Transfers.
