www.bangor.ac.uk

I came to Bangor alone and left Bangor with a beautiful family.

Amr Al Shaher Bahrain
MBA in Banking and Finance
You might ask yourself ‘What makes Bangor so different from other UK universities?’ and the answer is really quite simple.

We are not only able to offer our students a safe, friendly, low-cost study environment in one of the most spectacular locations in the world, but also a dynamic system of learning, teaching, and research, which is recognised as being amongst the best in the UK.

At Bangor, international students are valued and respected for the unique experience they bring to academic life. We have produced this International Student Guide to try and help you find out more about Bangor and the high level of service, support, and quality of teaching we give to our students.

If you decide to join us, then you will become part of an international learning community. You will not only obtain a qualification which will help you to guarantee success in your chosen career, but more than that, you will make friends with people from many different cultures and backgrounds, and make memories which will last a lifetime.

I look forward to meeting you in Bangor in the future.

Professor John G Hughes Vice-Chancellor
Over 130 years of excellence......

Why study at Bangor?
There are numerous ranking systems used in the UK to assess the quality of Universities and it can often be confusing for students when deciding on a University. However, in Bangor’s case it could not be simpler; we are ranked in the top 2% of the World’s universities. This reflects not just the high quality of teaching and research but also student satisfaction ratings, standard of facilities on offer and the considerable investment which we make in supporting each and every student.

Bangor University is also ranked in the Top 10 for Student Satisfaction (National Student Survey, 2014) which brings us amongst other highly reputed universities like Oxford and Cambridge for this year.

World leading research
Every 5-6 years the UK Government organises an analysis of all research conducted at British universities. This analysis is called the Research Assessment Exercise (RAE). During the most recent RAE, Bangor University proved to be among the very top universities in the UK. The RAE identified world leading research in all of Bangor’s 19 assessed subject areas with nearly 50% given the top grading.

Areas of particular excellence include Accounting and Finance which is ranked No.1 in the UK, and Electronic Engineering which is ranked No.2 in the UK. For more than 130 years, students from all over the world have graduated from Bangor and as a result have achieved great success in their chosen careers.

Quick facts
- Over 12,000 students
- Approximately 1,500 international students
- Over 80 different nationalities
- 23 schools grouped into 5 colleges, offering over 250 undergraduate/Bachelor degrees, more than 150 courses at Postgraduate level and research in around 40 unique areas
- 2000 staff members – Bangor is ranked in the top 200 universities as a recruiter of international staff (QS World University Rankings 2013)
- Scholarships worth over £1 million pounds offered each year
- Over 130 years of history

There’s nothing like the feeling of getting into one of the greatest university’s in the UK and one of the universities who has assembled the strongest research and teaching faculties.

Maha Alrajhi
Saudi Arabia
MSc in Foundations of Clinical Psychology

Notable Alumni
Oscar Winning Danny Boyle

Bangor University graduate, Danny Boyle directed the London 2012 Olympic opening ceremony. Danny Boyle graduated from Bangor University in 1978 with a Degree in English and Drama. His most successful project to date has been ‘Slumdog Millionaire’ in 2008, which won 8 Oscars including Best Director. Some other movies Danny Boyle has directed include, ‘127 hours’, ‘The Beach’ and ‘A Life Less Ordinary’.
Bangor University was founded in 1884, making it one of the oldest and most prestigious universities in the UK.

Areas of particular excellence include Accounting and Finance which is ranked No.1 in the UK, and Electronic Engineering which is ranked No.2 in the UK.
Careers and Employability

Your career starts when you enrol on your course. We want to ensure you gain the practical experience, personal skills and abilities to succeed in your career.

Careers and Employability Service
Our advisers give practical career support, careers workshops and expert advice on CV preparation, how to complete application forms and interview techniques. The service also provides advice to International Students about the UK job market.

The University’s online job vacancy resource ‘JobZone’ advertises many graduate jobs, as well as part-time/temporary jobs, work experience and internship opportunities to help you find work whilst you are studying.

Working in the UK after your studies
Some international students may apply to stay in the UK after they have completed their studies in order to take up full-time employment. The government has set up a number of work schemes and training opportunities for skilled students graduating from a range of subject areas. If you want to learn more about these opportunities and schemes, please visit the UKCISA website and read the UKCISA Guidance notes on ‘Working in the UK after your studies’ www.ukcisa.org.uk/International-Students/The-next-stage/Working-after-your-studies

We would also recommend that you contact the International Student Support Office for further advice.

Bangor Employability Award Scheme
The Bangor Employability Award (BEA) scheme can help you develop important skills to help you secure a job after your studies. All BEA graduates get a certificate to recognise the extra activities they have taken part in.
- Paid Internships within university departments
- Free training courses
- Application and interview preparation

For more information visit: www.bangor.ac.uk/employability

Graduate destinations

- Shell
- Sky News
- Smithkline Beecham Pharmaceuticals
- Unipart International
- Vodafone
- World Health Network
- Xerox

“Before I had even finished my course and before even submitting my dissertation I was offered a job! During my Electronic Engineering course I have had access to very expensive laboratories and I mentioned this in my interview and they offered me a job right there and then.”

Fadi Almaghrbi Saudi Arabia
MSc in Electronic Engineering
International Experience Opportunities

As a Bangor student, you’ll have the opportunity to take your studies and experiences further afield by studying or working abroad.

Bangor University offers the incorporation of international experience into your degree. Depending on your course, you could, for example, apply for a short summer programme in South Korea or spend a semester or a year at one of our partner universities at numerous locations around the world.

You can learn about all of our opportunities online (www.bangor.ac.uk/studentexchange), but you may be particularly interested in our International Experience Degree, which you will find in more detail below.

International Experience Year

The ‘International Experience Year’ is an extra year which you spend studying or working abroad and you can apply to take it between your first and second, second and third or even after your final year. This means you have more time to decide if you want to go abroad and because you still study in Bangor for three years as an undergraduate (or one year if you’re applying for postgraduate), the year abroad doesn’t interfere with your degree in Bangor. This point is really important for two reasons: it means there is more flexibility on where you can go and you have more freedom on what to do: study or work.

We’d always encourage you to explore your home subject area whilst abroad, to benefit from what might be available there that’s not available here, but – in theory – you might be a biology student here in Bangor and when you get to Australia you could take History or Psychology, for example. You could also think about working abroad for a year. Finding a work placement would be your responsibility and we would offer you advice on how to do so.

The idea of the ‘International Experience Year’ is to give you the opportunity to have a meaningful international experience – it’s the living and experiencing of a different life abroad that we want you to focus on.

We think the International Experience Year is a great opportunity and to support you we won’t charge you any tuition fees whatsoever for that year abroad. We will also add ‘with International Experience’ to your degree title so that future employers will clearly see that you are a globally-aware and globally-experienced student.

Tier 1 (Graduate Entrepreneur) visa scheme

The Tier 1 (Graduate Entrepreneur) visa scheme is for those international graduates identified by the University as having developed a genuine and credible business idea that the University would then like to support with further development.

Eligibility:

- Only international students are eligible
- You must apply for the visa whilst still at Bangor and within 12 months of being awarded your Bangor University qualification.
- You must already have a valid Tier 4 student visa

Selection process:

The university will select the top-20 applicants who are able to demonstrate a robust business case together with real commitment to make a success of this exciting opportunity.

Duration of visa:

If successful, students will be eligible to apply for a one year Tier-1 Graduate Entrepreneur visa with the possibility of a further year extension or transfer to another visa category.

How to apply

Students may complete an application form at any time during the year and there will be three panel meetings each year to assess the applications.

Further information:

Contact the International Student Support Office at: E: internationalsupport@bangor.ac.uk
Bangor is a beautiful city, it is situated on the coast of North Wales, the scenery is quite natural and beautiful – mountains, coastline and the Snowdonia National Park are all around me. It is just like paradise and an ideal place to study. That is why I am here.

ZHANG PING
China
Studying for a Doctorate of Education

Travelling to Bangor
The nearest airports to Bangor are Liverpool (1.5 hours), Manchester (2 hours) and London (3 hours). What a great location!

Bangor is located on the coast of North Wales, situated between the mountains of Snowdonia and the sea. Bangor is one of the most attractive study locations in the UK, and the size and nature of the City means that it is easy to get to know people, and our students settle in immediately.

Travelling within Bangor
Everything in Bangor can be reached on foot; students do not need to rely on public transport or need to purchase a car. Libraries, lecture theatres, seminar rooms and other academic buildings are located close to each other and within walking distance of the city centre and university accommodation.

Safety
Bangor has one of the lowest crime rates in the whole of the United Kingdom, making it a safe study environment for students.

Cost of Living
Bangor is ranked amongst the top 4 University cities in the UK in terms of cost of living (accommodation, food, clothing, books etc). Bangor is one of the “cheapest places in Britain” to be a student (The Independent’s A-Z of Universities and Higher Education Colleges).

Market research shows that the cost of living in Bangor is lower than in other parts of the UK and is consistently ranked as one of the most economical places to study in the UK in various cost-of-living surveys.

Weather in Bangor
The average temperature in Bangor in winter is around 5-10°C and in summer temperatures can reach up to 30°C. With four seasons, UK weather is generally unpredictable, however because Bangor is close to the coast winter temperatures can be higher than in other parts of the UK.

Bangor is regarded as one of the best value places to live and study in the UK according to a table published by The Independent.

The university is always concerned with your well-being and safety, they will constantly check that students’ safety is guaranteed and will always offer help for any needs that you might have. The security staff in Bangor University are also well-known for their kindness and willingness to help you and look after you at all times.

Sergio Castellanos-Gamboa

A location fit for a prince...
The Duke and Duchess of Cambridge moved back to Kensington Palace in August 2013 after living in Anglesey for the previous three years, where the Prince was based as an RAF Search and Rescue Pilot. Anglesey is just five minutes away from Bangor and during the Prince’s visit to the annual ‘Anglesey Show’ the prince bid a final farewell to Anglesey.

I have never in my life known somewhere as beautiful and as welcoming as Anglesey. Catherine and I look forward to returning again and again over the coming years with our family.

The Duke of Cambridge

Top 10 facts about the City of Bangor

1. Bangor is located in a breathtaking landscape with panoramic views and is rich with history, culture and charm.
2. The main population of the city is students, there are currently over 10,000 students studying at the university.
3. The City has a vibrant shopping centre boasting the longest high street in Wales.
4. Bangor has its own Victorian pier which extends into the Menai Straits.
5. The University plays an important part in the city’s history and identity. It was established in 1884, following funding by local quarrymen who volunteered to give some of their wages towards providing a better standard of higher education.
6. Bangor is a historic, and culturally rich region with castles dating back to the 13th century and National Parks.
7. Bangor Football Club plays in the League of Wales and has a new ground overlooking the Menai Strait.
8. Bangor’s coastal location means it has impressive views and is connected to the Isle of Anglesey by two picturesque bridges – the Menai Suspension Bridge and Britannia Bridge.
9. At the heart of the city is the ancient St Deiniol’s Cathedral, one of the oldest cathedral sites in Britain. The Cathedral was founded in 525AD some 70 years before Canterbury.
10. Bangor has a warm welcoming community.
Outside of academic life, you will find a wide range of opportunities to try new things, meet new people, and enjoy the exciting atmosphere on campus.

The Students Union
Much of your social life as a student at Bangor will revolve around the Students’ Union, which provides services, support, activities and entertainment for students.

Every student who enrols at Bangor University is automatically a member of Bangor’s Students Union.

Membership is free of charge
The Union is run by a committee of students and is dedicated to the social and welfare needs of all students on campus. All profits made go back into improving the services available to you.

International Societies and Clubs
The best way to make friends is to join a ‘student society’. These clubs are very important to student life and are run by other students. There are a number of international societies including the Afro-Caribbean Society, Chinese Society, Hellenic Society, Indian Society, International Student Federation, Japanese Society, Korean Society, Kurdish Society, Malaysian Students’ Society and Vietnamese Society. There are also religious societies including the Christian Union and Islamic Society as well as more incredibly varied clubs like People and Planet and the Comedy Society as well as numerous Sports Clubs.

Sports Clubs
Bangor Students’ Union also runs over 40 different sports clubs including everything from Archery to Ultimate Frisbee and Mountaineering to Cheerleading.

Sports Facilities
The University has great facilities for outdoor sports including rugby, tennis, rowing, football, hockey, netball and athletics. As well as having extensive indoor facilities the University’s Brailsford Sports Centre grounds include:
• a floodlit synthetic pitch/astro turf;
• tennis courts;
• 2 grass football pitches and a rugby pitch.
Brailsford has recently been refurbished and updated and there is also the addition of an ‘Airdome’ which will provide two indoor netball courts as well as retaining the existing tennis courts for use all year round. At the University’s Treborth site, located next to the picturesque Menai Strait you can enjoy: 4 full size football pitches; a Pavilion and an 8 lane athletics track.

Top 10 things you must do as a Bangor student:

1. Go to see a football match
2. Visit Liverpool, home of the Beatles
3. Shopping in Chester
4. Climb Snowdon
5. Take the Llandudno tram to the top of the Great Orme
6. Go crabbing on Beaumaris pier and take a boat trip out to Puffin Island
7. Visit Conwy castle
8. Visit Bangor Cathedral
9. Visit Ireland by ferry
10. Fly to Cardiff for the weekend and watch a Rugby match
A friendly, student centred place to live and study...

Bangor is a small, friendly cathedral city set in a stunning location. The local community welcomes the annual influx of students, and during term-time students dominate the social scene. The general consensus is that Bangor is a safe, clean, and affordable place to live, and comes highly recommended.

The Guardian University Guide

Living in Bangor enables students to combine a high quality educational experience with a wonderful living environment. North Wales is an area of outstanding natural beauty, yet close to major cities such as Manchester and Liverpool.

- Situated close to the mountains of Snowdonia and the sea. Bangor is one of the most attractive study locations in the UK.
- The location, the scenery, and the surrounding area are amongst the reasons why many of our students choose to come to Bangor. All this on your doorstep definitely adds a different dimension to student life.
- The University has around 12,000 students from over 100 different nationalities, resulting in a vibrant and multicultural student community.

"The best thing about being a student at Bangor is the atmosphere. It can’t be described how wonderful it is, it truly is beyond words. It is something you just feel and can sense around you when you are here. I have never found a place quite like it other than in my home in India. Being at Bangor has been a great experience which I will cherish forever. I have enjoyed it so much I have not wanted to leave the area after I had completed my studies and therefore I have remained in this area."

Manzoor Sajid
India
MBA in Marketing

I have found it very easy to make friends here in Bangor and everyone I have met has been very friendly, this includes both the students and the people local to this area. I have to say that the locals are particularly nice here.

Almeezan Zahry Acho

Accommodation

Top 3 in the UK for quality of location and facilities (Accommodation for Students Survey).

University residences
You can choose from 22 halls of residence across 3 sites. We guarantee all international students a place in University accommodation. All University owned rooms/flats include:

- Single study bedrooms
- Self-catering with shared kitchens and on-site launderette facilities
- Free of charge wireless internet connection
- 24 hour security
- Adapted accommodation available for students with special needs/disabilities
- Insurance cover
- Communal areas cleaned weekly
- En-suite rooms available
- Halls for postgraduates

You will have your own study bedroom. Bangor University does not have shared rooms or dormitories. Each room has a bed, desk, chair, wardrobe and storage.

It is possible for students to be accommodated in single sex groups in the following halls: Alaw, Eldir, Garth, Y Borth and Y Glyder. Students who would prefer this option should select the ‘female only’ option on the online accommodation application form.

All accommodation in the University is self-catered which gives you the option of buying meals at any of the site outlets or preparing your own. Self-catered accommodation gives you the freedom and flexibility to eat what you want, when you want and works especially well if you prefer to eat food similar to the food you eat at home. Bangor has a number of supermarkets and shops selling food from all over the world.

Close to campus
All the residential sites in Bangor are within walking distance of the city centre and main university departments. Our halls are so convenient you won’t have to spend your money on travelling to and from halls.

Safety
One of the advantages of living in University accommodation is the support you are offered. Each residence has hall wardens and security officers providing 24 hour assistance. You also have the reassurance that you will be sharing with other students who are in the same position as yourself.
Cost
University accommodation at Bangor costs from £71-£126 per week (prices for 2014-15). Contract length for undergraduates is 40 weeks and 51 weeks for postgraduates. University accommodation is very good value as the costs include heating, lighting and hot water, electricity, security, furniture and internet access, so you don’t have to budget extra for these amenities.

Private Accommodation
The Student Housing Office advertises privately rented accommodation to students for landlords. You can access information about available properties, including landlords’ relevant contact details by searching the database on the following website: www.bangor.ac.uk/student-services/studenthousing

Alternatively, you can email:
E: studenthousing@bangor.ac.uk

Find out more
View the types of halls by visiting:
www.bangor.ac.uk/accommodation/halls

Contact the Halls Office:
T: +44 (0) 1248 383944
E: halls@bangor.ac.uk

For my first year I lived in the university halls, I thought they were great for many reasons. Firstly, you are guaranteed a place, which is brilliant and secondly, it is very easy to make friends here, everyone is welcoming. Even though you don’t get to choose your flat mates, mine were great!

Choi Wah Kan China
BSc in Psychology

Guaranteed accommodation available for all international students provided you apply before the deadline (31 July).
Our IT Services department provides students with a range of services, facilities and benefits – to support your learning activities, your research and your social and family life.

There is access to the internet, wireless internet connections in all halls, a University email account and a safe place to store your work.

The University’s online secure virtual learning environment ‘Blackboard’ is available on and off campus for all students. Here course materials, notes, powerpoint slides, and other documents are made available for download by your lecturer.

Bangor’s online portal lets you upload your coursework and see your module marks so you can submit your coursework from anywhere in the world.

To help you in your studies, we provide a range of learning resources supported by experienced staff. We provide Library, Archives, Computing, Media and Reprographics facilities and services. We have eight libraries, purpose built Media facilities and a Printing and Binding Unit.

We also have a £3.5 million ocean-going Research Ship, a £1.5 million MRI Scanner, a Natural History Museum, Botanic Gardens, a Centre for Hill and Upland Management, a Multimedia Language Centre, a £2 million laboratory equipped with Agilent Instruments located in the School of Electronic Engineering, special library collections, and one of the largest university-based archives in the UK.

Here at Bangor we perform consistently well in student surveys. We were ranked in the UK’s top 10 universities for student satisfaction, and ranked top in Wales for overall student satisfaction as well as quality of teaching, according to the latest National Student Survey results released in August 2014.

The University operates an informal ‘open-door policy’ which enable students to have access to staff so that they feel comfortable and supported. This high level of personal contact is reflected in our student to staff ratio, which at 16:1 makes it one of the most favourable in the UK. As a result of these systems Bangor is rated one of the top universities in the UK for student support. (Times Higher Educational Supplement).

“...the libraries for example have some of the best resources and study areas I have ever been in. The best thing about this is that it is so easy and comfortable to study here and get a high grade on the degree you are doing.”

Sherryll Ahone
Cameroon
MBA in Accounting and Finance
Bangor is surrounded by mountains and is very close to the sea; this offers a very conducive and serene environment for learning. Bangor offers a high quality, diverse student experience with one of the lowest crime rates and cost of living of any other university city. With a fantastic student life and diverse cultures, Bangor gives me the opportunity to grow as an individual.

Low cost of living

Market research shows that the cost of living in Bangor is much lower than in other parts of the UK. Bangor has been described as “one of the cheapest places in Britain” to be a student (The A-Z of Universities and Higher Education Colleges).

Bangor is consistently ranked as one of the “best value” places to study in the UK in various cost-of-living surveys so you can be sure that you are getting the most from your money in Bangor.

As a guide we would recommend that students allow up to £6,000 for undergraduate study and £8,000 for postgraduate study to cover accommodation, food and other personal expenses per year. The figure is a guide and will vary depending on the individual needs and lifestyle of each student.

Working Part-time

The University’s JobZone offers a free service to help you find part-time employment. Work opportunities vary. Usual jobs for students include helping out in shops and at events and basic office assistance. International students can work up to 20 hours per week and full-time during the holidays. The University does not recommend you work the full 20 hours during term time because studying in the UK is intensive and you will need to make sure you have enough time to complete all your course work and reading to ensure success in your studies. The UK currently (from 1 October 2014) has a minimum wage of £6.50 per hour if you are aged 21 years and over and £5.13 per hour if you are aged 18-20.

* Including £1,500 bench fee.

### Bangor Business School
[www.bangor.ac.uk/business](http://www.bangor.ac.uk/business)

- No.1 in the UK for Accounting and Finance (RAE 2008)
- World renowned academics conducting research also teach, so latest research findings are shared in lectures

#### Undergraduate Courses
- Accounting and Banking BA/BSc (Joint Hons)
- Accounting and Economics BSc (Joint Hons)
- Accounting and Finance BA/BSc (Hons)
- Administration and Management BA (Hons)
- Banking and Finance BA/BSc (Hons)
- Business and Computer Information Systems BA (Hons)
- Business and Law BA (Hons)
- Business with Psychology BSc (Hons)
- Business Economics BA/BSc (Hons)
- Business School Studies plus Another Subject
- Business Studies and Finance BA/BSc (Hons)
- Business Studies and Marketing BA/BSc (Hons)
- Business Studies BA/BSc (Hons)
- Business Studies HND
- Economics and Another Subject (Joint Hons)
- Financial Economics BSc (Hons)
- Management with Accounting BA/BSc (Hons)
- Management with Banking and Finance BA/BSc (Hons)
- Marketing BA/BSc (Hons)

#### Postgraduate Courses
- Accounting MSc
- Accounting and Banking MSc
- Accounting and Finance MSc
- Banking and Finance MA/MSc/MBA
- Banking and Law MA/MBA
- Business with Consumer Psychology MA/MSc
- Business and Marketing MA
- Chartered Banker MBA (Distance Learning)
- Environmental Management MBA
- Finance MA/MSc/MBA
- Information Management MBA
- International Business MBA
- International Banking MSc
- International Marketing MBA
- International Finance MSc
- Investment Management MSc
- Islamic Banking and Finance MA/MSc/MBA
- Law and Management MBA
- Management MBA
- Management and Finance MA/MSc
- Business PhD/MPHil

### School of Biological Sciences
[www.bangor.ac.uk/biology](http://www.bangor.ac.uk/biology)

- Natural History Museum and Botanic Garden on campus
- Marine and Freshwater aquaria

Graduates are awarded a ‘Certificate of Biomedical Sciences’ a professionally recognised certificate essential for working in UK hospital laboratories

#### Undergraduate Courses
- Biology BSc (Hons)/MBiol
- Biology with Biotechnology BSc (Hons)/MBiol
- Biology with Biotechnology MSc
- Biomedical Science BSc (Hons)
- Marine Biology and Zoology BSc (Hons)/MBiol
- Medical Biology BSc (Hons)/MBiol
- Zoology BSc (Hons)/MZool
- Zoology with Animal Behaviour BSc (Hons)/MZool
- Zoology with Climate Change Studies BSc (Hons)/MZool
- Zoology with Conservation BSc (Hons)/MZool
- Zoology with Evolution BSc (Hons)/MZool
- Zoology with Herpetology BSc (Hons)/MZool
- Zoology with Marine Biology BSc (Hons)/MZool

#### Postgraduate Courses
- Ecology MRes
- Medical Molecular Biology with Genetics MSc
- Molecular Biology with Biotechnology MSc
- Natural Sciences MSc
- Wetland Science for Pollution Control MSc
- Biological Sciences PhD/MPHil/MRes

### School of Chemistry
[www.bangor.ac.uk/chemistry](http://www.bangor.ac.uk/chemistry)

- Courses accredited by the RSC (Royal Society of Chemistry)
- Recent £10m investment in analytical equipment
- Strong links with industry – Some degrees offer placement opportunities where students spend time at an industrial company in the UK or Europe

#### Undergraduate Courses
- Chemistry BSc (Hons)/MChem with European Experience or Industrial Experience
- Environmental Chemistry BSc (Joint Hons)
- Marine Chemistry BSc (Joint Hons)

- Primary Education BA (Hons) Leading
to Qualified Teacher Status
- Product Design BSc (Hons)

Postgraduate Courses
- Education Studies MA/Ed
- PGCE Primary
- PGCE Secondary
- Education PhD/MPhil

---

“I chose to study here because my degree is unique to Bangor University and therefore could only be taught to me here in Bangor. There is nowhere else in the UK that teaches Islamic Banking and Finance. However I was also aware that the department ranks very highly in the league tables – the business school here is viewed as one of the best within the UK and as a result has an excellent reputation. Both of these factors encouraged me to go for this course.”

Postgraduate Courses
- Ageing and Dementia Studies MSc by Research
- Health Economics MSc by Research
- Health Services Research MSc by Research
- Medical and Social Care Research PhD/MPhil

Bangor is surrounded by the Snowdonia mountains which gives me plenty of opportunities to learn about the forests in Wales. It is one of the nicest places to study, with beautiful landscapes and scenery and you can explore the mountains anytime you like which gives you a feeling of closeness towards the environment.

Pratik Pravin Doshi
India
MSc in Environmental Forestry
Bangor is one of the very few universities offering this course which specialises in Neuropsychology. They have an amazing faculty and modules that give you hands on experience with patients suffering from several neurological conditions ‘Behavioural Neuro’. The coursework given to us in most of the modules are very practical and help you to get exposed to the actual disorders as opposed to just blindly reading from books and articles.

- Welsh MA
- Welsh PhD/MPhil

Postgraduate Certificate, Diploma and Masters
Most of the Taught courses (MA,MSc, MMus, LLM) listed above can be completed at Diploma (PGDip) or Certificate (PGCert) level. For further information, go to www.bangor.ac.uk/courses/postgrad

Work Experience
Many of our courses include the opportunity to gain valuable work experience through a placement year, short period of work experience or collaborating with a company on your final year project.

Joint Honours
You can combine subjects to follow a Joint Honours Degree. This allows you to study two subjects in equal proportions. You may choose to study closely-related subjects, or a more unusual combination. Please see the full list of Joint Honours courses on our website: www.bangor.ac.uk/courses/undergrad/joints

Undergraduate Transfer
It is possible to transfer into the 2nd year of an undergraduate degree programme if the university studies undertaken to date in another country or in another university in the UK correspond by level and content to the 1st year of a programme at Bangor University. In order to assess an application for transfer, students are required to provide an official certified transcript detailing the study undertaken to date with their application.
PhD/Research Courses

A research degree is required to develop an academic and research-orientated career worldwide. Bangor has a strong research base across a spectrum of academic disciplines engaging in research at national and international levels. The University provides strong support for research activities including encouraging links with commercial and industrial bodies in the UK and overseas.

Eligibility

1. Academic – Entry onto our PhD/MPhil courses normally requires a postgraduate/Masters degree of equivalent standard to the British postgraduate/Masters degree.

2. English Language – To be eligible for our PhD/MPhil programmes, international students must satisfy English Language Requirements.

Course options

A. PhD Programmes
To obtain a PhD you are expected to conduct independent research that will make an original contribution to knowledge about that particular subject and present this in the form of a thesis. At Bangor University you have two routes available;

Route 1: The PhD Programme of Study (3 years and 1 year writing-up)
If you satisfy the English language requirements for the PhD program and have already drafted your research proposal, then the programme will normally be of 3 years in duration. Candidates will undertake the research during the three years and submit the final dissertation at the end of the fourth year – which is designated for writing-up.

Route 2: Four years – Combined English Language and PhD program
If you DO NOT satisfy the English Language requirement for PhD programs AND/OR you need guidance for drafting your research proposal, then the 4-year combined English and PhD program will suit you.

B. MPhil Programmes
An MPhil will usually take 2 years to complete on a full-time programme and 3-5 years as a part-time programme. Research at MPhil level should represent an extension of existing knowledge, although the demands of originality are less than that for a PhD.

C. MRes programmes
The Research Master’s degree is more research-orientated than a normal taught Masters programme, usually consisting of 120 credits research and 60 credits taught (66%/34%). It is seen to be a good route into PhD level study. Eligibility criteria and application procedures are the same as for the general taught Master’s degree programmes.

PhD/MPhil Subject areas
Being a research focused university of international reputation, our academic departments offer research opportunities in more than 25 academic disciplines. To find a suitable research topic or course, please refer to our page: www.bangor.ac.uk/international/applying/research

Applying for PhD/MPhil programmes

1. Select an appropriate research topic. Refer to: www.bangor.ac.uk/international/applying/research, for more details

2. Scan the following supporting documents:
   - Bachelor degree certificate and transcript
   - Master’s degree certificate and transcript
   - English language test certificate (if undertaken)
   - Academic reference/support letter
   - Confirmation of funding/sponsorship (if applicable)
   - Passport

3. Submit the online application with the supporting documents listed above using the following link: www.bangor.ac.uk/onlineapplicationform

The PhD Programme of Study

Once you have found a member of staff whose research interests broadly match your own, you should contact them directly with a concise research ‘brief’ that outlines your proposal and ask whether he/she would consider supervising your project. If the academic expresses his/her interest, you may then further discuss your ideas and develop a full PhD/MPhil research proposal.

At this stage, you should formally apply for the PhD/MPhil programme using the form available at www.bangor.ac.uk/courses/postgrad/apply

You should fill the form out thoroughly, including academic references, your research proposal and the name of the academic member of staff under whose supervision you intend the research to be conducted.

I have a research proposal
I have met the English language requirements but don’t have a research proposal
I have not met the English language requirements and I don’t have a research proposal

Select a topic from the PHD vacancy and prepare your proposal around the topic (Route 1)
Select a topic from the PHD vacancy and prepare your proposal whilst studying at Bangor (Route 2)

Submit your application online at www.bangor.ac.uk/onlineapplication
Combined English Language and PhD Programme of Study

The programme will normally be 4 years in duration and will be in two parts:

**Part 1:** Year 1/The Preparatory Year. This will include English language tuition, academic study skills, regular meetings with the PhD supervisor and integration with other research students at the Academic School. During Part 1, you will research and write a full PhD research proposal based on the topic selected on the application form.

**Part 2:** 3 year PhD Programme plus 1-year writing-up. The final dissertation is submitted at the end of the 1-year writing-up period.

Progression from Part 1 to Part 2 will be conditional on having:

- Completed a fully developed research proposal that meets the Academic School’s requirement for entry onto a research degree.
- Achieved the required English language level required for entry onto a research degree.

The duration of Part 1 will depend on the English language test score on entry, the English level required to progress onto the research degree/Part 2 and the completion of a satisfactory research proposal.

The minimum score required is 4.0/4.5. As a guideline, students require 1 full year to increase by 2 IELTS bands e.g. from 4.5 to 6.5.

Writing a good research proposal

The purpose of your proposal is to show that you have a relevant theme, a viable project and the competence to carry it out. The information is vital when we evaluate your proposed study and decide if we have the right staff expertise to supervise you.

The format and length of the proposal is likely to vary according to the type of project. Typically a proposal is no less than 1500 words (3-4 pages) long and will cover the following points.

**Provisional title (max 50 words)**

The title should indicate the central focus of the research and should contain the key words associated with proposed work.

**Central question/hypothesis for investigation (max 15-50 words)**

State the central question/hypothesis of your proposed research. Eg. ‘This thesis asks…” or ‘This thesis examines the hypothesis that…’.

**Key aims of the research (max 200 words)**

Set out a number of specific aims (3-5) of the research which indicate the intended contribution and impact of the PhD. They should answer the question: ‘what will the PhD achieve?’

**Literature review (max 700-1,000 words)**

This section should situate your chosen topic in the existing research and should show that you are familiar with the key works in the area. Explain how the current literature addresses the issue you have identified, give a summary of recent debates in the area and explain the current shortcomings in the existing scholarship.

Find out more:

- Research at Bangor: www.bangor.ac.uk/research
- Research degree opportunities: www.bangor.ac.uk/courses/postgrad
- Application forms and guidance: www.bangor.ac.uk/international/applying/research
- Scholarships: www.bangor.ac.uk/international/future/scholarship

For me personally, the best thing has to be the quality of the research going on around me in my school. Also, the amazing support I have been given by my supervisor and fellow students.

Finance (Postgraduate)
## Entry Requirements for Your Country

### Undergraduate
For entry onto the first year of our 3 or 4 year undergraduate/bachelor degree programmes, we ask for a school leaving qualification which is equivalent to the British school leaving qualification, (A-levels/International Baccalaureate). Students who have qualifications of the same level can apply for direct entry into year 1 of undergraduate programmes.

### Postgraduate
For entry onto our postgraduate Masters’ courses we require an undergraduate/bachelor degree of equivalent standard to the British bachelor degree with a minimum grade equivalent to a British second-class honours.

### Country Specific Entry Requirements
The table below provides guidance on our minimum entry requirements; however some courses will require higher grades and specific subjects. You can also visit [www.bangor.ac.uk/international/countries/list](http://www.bangor.ac.uk/international/countries/list) for further information. Please note that there is no application fee and all applications are considered on a case by case basis by our admissions team, and the information below is a guide.

What Academic Routes are Available
- Accounting and Finance
- Business
- Computing and IT
- Law
- Psychology
- Sport
- Electronic Engineering

What will I Study?
Students will need to study core modules such as study skills, English, IT and numeracy across all academic routes. The modules students will study in specific academic routes are shown opposite.

Foundation Course
Entry Requirements
- High School Graduation Certificate or equivalent
- IELTS 5.5 (or equivalent) with no element below 5.0

How to Apply for the Llandrillo Menai International Foundation Course?
Students can also apply directly to Llandrillo Menai College. Please visit www.gllm.ac.uk/international or call T: +44 (0) 1492 542315 for further information.

Pre-Master Programmes
If you are interested in studying a Pre-Masters programme please contact one of the pathway partners listed in the table who offer a Pre-Master programme.
Pre-Sessional Courses at Bangor University

English Language Entry Requirements
The minimum English Language level required for degree level study at Bangor University is:
- IELTS 6.0 with no element below 5.5
- Pearson PTE 56 with no element below 51

Some courses will require higher scores. To check the English Language level required for entry onto your chosen course please see www.bangor.ac.uk/international/future/englishlanguage

What if I do not meet the English Language requirements?
As levels of English ability will vary, Bangor University has an English Language Centre for Overseas Students (ELCOS) which offers specially designed courses for international students coming to study at the University. These courses enable students to reach the language level required for entry onto degree programmes. A range of courses are available from intensive short pre-sessional programmes to all year round study. To find out more visit www.elcos.bangor.ac.uk

Pre-sessional courses
There are a variety of pre-sessional courses available to students who wish to progress to undergraduate or postgraduate study at Bangor. The length of the course you enrol on is determined by the IELTS (or Pearson PTE) score which you have achieved.

The courses are designed to improve academic and English language study skills which includes writing in appropriate academic styles, lecture listening, reading, note-taking, speaking and listening skills.

If you have not been able to achieve IELTS 6.0 which is the minimum English language requirement for undergraduate and postgraduate study then you can specify on your application form that you wish to enrol on a pre-sessional course.

If you have already achieved the English language score you require, you may be interested in enrolling on a 4 week orientation course. This course gives students the opportunity to familiarise themselves with the UK higher education system and Bangor University.

Pre-sessional course length requirement
The table opposite shows the length of course you will need depending on your current test score.

Notable Alumni
Paul Berenger, Prime Minister of Mauritius

Bangor University graduate, Paul Berenger was the Prime Minister of Mauritius from 2003–2005. He graduated from Bangor University with a Degree in Philosophy and French in 1969.
I can say that this course was really positive for me and it has helped to improve a lot in my life, both my professional and personal life.

Camila Jianna de Magalhaes Brazil
ELCOS (12 week course)
How to apply...

**Step 1 – Select Course**
Select the course you want to apply for. (If applying for more than one course you will have to re-submit a new application each time using the same web ID number).

**Step 2 – Check Eligibility**
Check the eligibility criteria. International students are advised to refer to respective country page for more details: [www.bangor.ac.uk/international/countries](http://www.bangor.ac.uk/international/countries)

Scan a copy of all necessary documents as listed below:

**Step 3 – Apply Online**
Submit your application online. We advise you to read the guidance notes before beginning to fill out the application form: [www.bangor.ac.uk/international/applying/home](http://www.bangor.ac.uk/international/applying/home)

If applying for a Phd/MPhil course then you are advised to refer to the PhD Directory for more information:
[www.bangor.ac.uk/international/applying/research](http://www.bangor.ac.uk/international/applying/research)

**Step 4 – Get the Offer Letter**
Wait for your offer letter to arrive. Your offer letter will provide details about; course offered, tuition fee, scholarship awarded, course start dates and other relevant information.

**Step 5 – Pay the Deposit**
Pay your deposit to confirm your place at Bangor University, for payment guidelines visit this link: [www.bangor.ac.uk/international/future/payment](http://www.bangor.ac.uk/international/future/payment)
UCAS
Undergraduate applicants can also apply to Bangor through UCAS, which is an online applications system allowing students to apply for up to five courses in the UK through one application. You can apply for more than one programme at a specific university, for example, you could apply to study BSc Psychology with Neuropsychology and BSc Psychology with Clinical and Health Psychology at Bangor.

[A small fee is applicable, visit their website for more information – www.ucas.com]

Help with your application
The following sources can guide you through making your application:
- International Recruitment and Admissions Team – E: international@bangor.ac.uk / T: +44 (0) 1248 382028
- The UCAS website www.ucas.com
- A British Council Office in your country www.britishcouncil.org
- Your school teacher/careers adviser

"Professors at Bangor are so helpful and open to any questions I have. There is not a time that I haven’t had a question or needed help on an assignment that my professors haven’t given their undivided attention until I felt confident in finishing the assignment. All of my professors have been in the career field as well, from published poets, to journalists and screenwriters, I get to learn from people who not only are skilled in their subject, but are professionals in it as well."

Kayla Jones USA
Professional and Creative Writing (Undergraduate)
Bangor... Supporting our international students

If you need any kind of help about living and studying in Bangor – we will help you.

If you need advice... If you have a problem... If you are ill... If you need a new visa – The International Support Team are here to help you get the best of Bangor.

Advice and Support

Bangor is rated one of the top universities in the UK for student support, (Times Higher Education). As well as being a University which prides itself on the quality of research and teaching on offer, we also believe in providing our students with a high level of support and guidance. Bangor has a dedicated team of individuals who are here to help you settle in to life at Bangor as quickly and as smoothly as possible.

The International Student Support Office is available to students and their families and can provide advice and guidance on a range of support related matters.

- Visa advice
- Health and wellbeing
- Social events
- Money and finances
- Employment and volunteering
- Advice for families
- Practical information

We’ll provide you with lots of help and support in your exciting first few weeks at Bangor.

Airport pick-up service

Travelling to the UK for the first time can be challenging. We therefore try to ensure that the experience is a pleasant and memorable one. The University organises a meeting service for students who arrive at Manchester International Airport. Simply register online and we’ll meet you at the airport and take you to your accommodation.

Notable Alumni

Frances Barber, Actress

Bangor University graduate, Frances Barber is an Olivier Award-nominated British actress with a long and distinguished stage career and who has also appeared in numerous television productions. Frances Barber graduated from Bangor University with a degree in Drama in 1978.

“The first day I came to the UK, I was so glad to see staff from the International Department of Bangor University at the airport. Bangor University not only provides international students like me a pick-up service at the airport, but they also arrange a welcome party for us! I can say that Bangor offer international students like me an excellent free support service.”

Anh Ngoc Mai
Vietnam
MSc in Accounting and Finance
The free support services from Bangor University’s international office regarding visa issues, volunteering, careers and employability, ELCOS, Medical facilities etc were very helpful for me in the time of need during my whole academic year. They sorted out my bank account for me, helped out with my visa and helped with my travel and finance too.

Amish Trivedi
India
MBA in Information Management

International Welcome and Orientation
We organise a series of welcome and orientation events to help you settle into life at Bangor during your busy first few weeks. You will have lots of opportunities to meet other students at these social events. The programme includes:
- Welcome and orientation programme
- A welcome reception
- Walking and bus tours of Bangor
- Police/Doctor/Bank registration
- Much more!

Peer Guides
When undergraduate students arrive at Bangor a Peer Guide is allocated to you. This is a current student from your academic school who will act as a mentor, helping you find your way around and settle into University life. Bangor has one of the largest Peer Guide programmes in Europe.

International Student Ambassadors
Bangor University strongly believes in looking after their students and making sure that everyone is made to feel welcome and settles in with ease. That’s why Bangor has a group of International Student Ambassadors to support international students from the application process right up to their graduation day.

A number of international students have been chosen to represent the University as Ambassadors and will play a key part in recruitment activities both within Bangor and on overseas visits as well as contribute to the support programme offered to students during their studies at Bangor.

Meet Bangor’s International Student Ambassadors at [www.bangor.ac.uk/international/studentprofiles/ambassadors](http://www.bangor.ac.uk/international/studentprofiles/ambassadors)
Meet your Country Manager
Bangor has a dedicated team of International Officers who can provide help and support throughout the application process. Contact your country manager to discuss the different courses available, the application process, scholarships, visa applications, and any general enquiries about studying at Bangor.

The University makes all reasonable efforts to ensure that the information in this brochure is correct at the time of printing (2014).

The University makes all reasonable efforts to provide the courses, tuition and learning support, research opportunities and other services and facilities with reasonable care and skill and in the way described in this brochure. However, the University shall be entitled, if it reasonably considers it to be necessary (including in order to manage its resources and to improve the quality of its provision) to make reasonable changes to the provision, including:

- To make changes to (for example) the content and syllabus of courses and methods of teaching and assessment (including in relation to placements);
- To suspend or discontinue courses.

In the unlikely event that the University discontinues or does not provide a course, or changes it significantly before it begins, the University will tell the relevant individual at the earliest possible opportunity. An individual will be entitled to withdraw from the course by telling the University in writing within a reasonable time of being informed of the change.

The University will make available to students such learning support and other services and facilities as it considers appropriate, but may vary what it provides and how it provides it.

The willingness of the University to consider an application is no guarantee of acceptance.

Students are admitted to the University on the basis that the information they provide on their application form is complete and correct.
