

List of University Awards

4 October 2018

Introduction

This document lists the University's Awards. Named awards are for validated programmes. All named awards, except Professional Doctorates, have a programme name that summarises the course content. The award and programme name will appear on the certificate and transcript. Unnamed awards do not require programme validation and are not associated with a programme title.

This document also shows the abbreviations for awards. The abbreviation can be used by graduates after their name.
