Impact Assessment Form

In accordance with the Welsh Language Standards, the University must assess the impact of all its policies on:

- The opportunities to use Welsh
- The principle of not treating Welsh less favourably than English

In this context, 'policy' is widely interpreted and includes strategies, restructuring, new systems etc.

It is required that a 'conscientious effort' is made to understand the impact of policy on the Welsh language. Please consider the positive, neutral and negative effects with evidence to support the assessment. The evidence you can refer to includes, for example, language skills data, Welsh-medium study data, adhering to the Code of Practice on Appointments, discussions in committees, consultation with students and staff. Canolfan Bedwyr can provide you with further guidance. Please contact Dr Lowri Hughes l.a.hughes@bangor.ac.uk.

Please use this form to make your assessment and record the impact of your policy decision on the Welsh language. This should be a live document that is updated as the policy decision develops. Record keeping is important to ensure compliance with the Standards.
