

INTRODUCTION

This sets out the procedure to be followed in relation to managing residential student debt. The University's policy is to minimise all levels of debts while ensuring students are given appropriate support to pay fees owed in a timely fashion. The procedure relates to all hall fees and additional residential charges payable to the University. The Halls of Residence Credit Control Policy and Procedure has been developed to enable the University to run an efficient and effective method of debt management.

STUDENT SUPPORT

In applying the procedure, the University will at all times, seek to be sympathetic and understanding of a student's financial circumstances. In order for the University to apply the procedure sympathetically, students must communicate promptly with the University if they are experiencing financial difficulties. Students having trouble paying their accommodation fees and charges should seek help at the earliest opportunity by making contact with:

- Halls Office - 01248 382667 halls@bangor.ac.uk
- Finance Office - 01248 382049 feepayment@bangor.ac.uk

Additional advice and assistance is also available from:

- The Money Support Unit, Student Services - 01248 383566 moneysupport@bangor.ac.uk

BACKGROUND

The University provides a range of accommodation for its students. Prior to moving into accommodation, all students are required to agree and sign the terms of a residence agreement and are required to pay a pre-payment of rent as part of the acceptance process (this pre-payment is then deducted from the hall fees). The agreement clearly outlines [payment terms](#) for accommodation. Students may pay for their hall fees in advance in full, or by selecting one of the available payment plans by recurring card instalments. Students receiving a monthly bursary are eligible to pay by a monthly manual payment plan; this can be done by visiting the Halls Office.

CREDIT CONTROL POLICY

HALL FEES

The fees for University Halls' of Residences are set by the Senior Management Team and approved at the Accommodation, Sport, Conference & Catering Task Group and the University Executive each spring, for the following academic session. Students living in

*Bangor halls of residence receive gym and [Campus Life](#) membership included in the price of their halls.

**We regret that this does not apply to students living on the Wrexham Campus and hall fees in Wrexham are adjusted accordingly.*

PAYING HALL FEES

There are two options for [paying hall fees](#):

1. Payment plan will take payment by recurring debit/credit card.
2. Payment in advance for the whole year.

1. PAYMENT BY RECURRING DEBIT/CREDIT CARD.

- To set up your payment plan you must complete the instruction via the online registration process. You will be informed when the online registration is open.
- This allows for payment to be taken automatically in 3, 7 (or 12 if a Postgraduate) instalments
- A notification email will be sent to the nominated email address 5 days before the expected payment date. Payments will be taken directly from the nominated card.
- The student must inform the Finance Office immediately if the card details have changed.
- The student must ensure that sufficient funds are available on the card on the due date; payment will be collected just after midnight on this date.

2. PAYMENT IN ADVANCE FOR THE WHOLE YEAR

- This can be done by either Debit/Credit Card or Bank Transfer:

Please quote your full name and student number when making the transfer, please also email remittance@bangor.ac.uk (to advise the transfer amount, date and student number).

EXCHANGE STUDENTS

Exchange students who are here for 1 semester should pay in full on arrival, or as instructed on the separate payment schedule sent to them with their offer.

HEALTHCARE STUDENTS

Healthcare students do not need to complete a recurring card instalment plan, they are eligible to pay hall fees on a monthly basis by manual payment plan, to coincide with their bursary payments. Any healthcare student who does not make the appropriate arrangements will be expected to pay by recurring card payment, or in full for the whole year.

NON PAYMENT OF ACCOMMODATION FEES

We operate on the standard principle of payment received is applied to the oldest debt first. Students who encounter financial difficulties should contact the Halls Office or the University Finance Office as soon as they become aware that there is likely to be a problem. Making early contact could save the University having to issue a reminder – which may save the administration fee. The longer the payment is delayed the larger the debt will become, so it is important that students do not ignore their payment obligations. If any student falls into arrears with any hall fees, the University will take from steps 3 onwards to recover the debt.

Students are invited for an interview at the Halls Office with Finance & Money Support at a specific time and date. The invitation is issued by hand delivered letter under their room door, a copy is also sent via email.

The same process will apply in January for late arrivals or those students experiencing continued financial difficulties.

Should the student fail to attend the interview or respond to telephone contact, they will be sent an email requesting their attendance or payment on the following day. If the student fails to get in touch after this time, Halls' Sanctions will be implemented:

- Temporary suspension of WI-FI.
- Marked as a debtor on their Halls' account so that subsequent applications for Halls cannot be made.
- Temporary suspension of their gym membership.

After 14 days with the above sanctions and no subsequent engagement, the student will be requested to attend a final interview with the Head Warden or nominee.

Should the student fail to attend the final interview, a Notice to Determine will be served, together with a final account summary. This allows the student 28 days to find alternative accommodation and pay the balance in full up until the date of departure. *Should the student pay the balance in full (original tenancy agreement date of departure) at this stage, the tenancy agreement would be reinstated.*

However, should the student fail to vacate the premises on or before the given date of departure the University may – in addition or as an alternative to taking court action to recover the debt – terminate the contract and take proceedings to evict the student. The student will be liable to pay the University's proper and reasonable costs (including but not limited to legal costs, court fees, expenses and VAT and the costs of management time) associated with such proceedings. Where the University successfully takes court action to recover the debt, the judgment will be entered on the county court records. Credit reference agencies search these records, and any student whose name appears on the register of county court judgments may find it difficult to rent accommodation elsewhere, or get a credit card, store card or mobile phone contract... or, in years to come, a mortgage.
