If you cancel your BUELТ registration up to 14 days after paying for the test you will receive a full discount.

If you cancel your BUELТ registration more than 14 days after paying for the test no refund will be provided.

### **BUELТ Malpractice procedure**

Bangor University is responsible for ensuring the integrity of the BUELТ by adopting robust measures to identify and deal with exam malpractice.

The BUELТ Malpractice procedure deals with cases of suspected irregular conduct.

Irregular conduct is any action which gives or aims to give unfair advantage to a candidate or causes a disadvantage to other candidates. Candidates are warned that any incidence of malpractice detected during their exam may result in their exam result being withheld. Candidates may also have their Examity account deactivated and they may not be able to take any further BUELТ exams. Candidates are also warned not to attempt to register a new Examity account with a different email address.

Where incidences of malpractice have been identified, a refund will not be given.
