

Healthcare in Bangor

Doctors/GP's

As an international student with a Visa, you will have had to pay the Immigration Health Surcharge as part of your visa application. As a result, you can access the medical services provided by the UK National Health Service (NHS)...but to do so, you MUST first register with a local medical centre (called GP or Doctor's Surgery). There are two main surgeries in Bangor, and you should register at the nearest one to where you are living:

- Bodnant Medical Centre, Victoria Drive (near the University Ffriddoedd Campus. Details here: <https://www.bodnantmedicalcentre.co.uk/>
- Bron Derw surgery, Glynne Road (near city centre). Details here: <https://www.bronderw.co.uk/>

Dental care

Unfortunately, the Immigration Health Surcharge does not include any dental services, so you will have to pay for this. There are a number of Dentists in Bangor, and you can either set up a monthly payment plan with them or register and then pay when you use their services. Dentists in Bangor include:
