Tuition Fees for Staff (Terms & Conditions)

- The member of staff should have a formal contract of employment (liable for class 1A NI contributions unless exempted from NI due to age) with the University valid from the date of registration until the end of the 'current' fee charging period (e.g. academic year).
- Where a member of staff is employed as a Research Assistant and the registration on a research degree is a condition of the employment contract, tuition fees are eligible for consideration for a fee waiver.
- The contracted working hours should be greater than 12 hours per week.
- Where the contract of employment terminates part way through a subsequent fee charging period (e.g. next academic year), fees will be charged on a pro-rata basis from the end of the contract.
- Fee waivers are not available where a member of staff is eligible to claim the equivalent of the tuition fee through a Local Education Authority grant
- Where fees have been charged on a pro-rata basis from the end of a contract, the fees will be recalculated or reimbursed as appropriate if a contract is extended or a new contract is issued.
- Any additional charges (e.g. bench fees, study visits, dissertation submission, examination, etc) will still be payable.
- Where a student ceases to qualify for a fee waiver part way through a course and more than 50% of the tuition fee has been covered by the waiver, then the examination fee will be due.
- In the case of all students the granting of a fee waiver will be subject to the agreement of the academic school concerned.
