

## **Tuition Fees for International Students (outside of the EU) 2016/17**

- 1) **Fee Status:** Bangor University, in common with other UK universities, charges tuition fees at a higher level (full cost) to students classified as "overseas" (i.e. non UK/EU). Fee status is assessed in accordance with the Education (Fees and Awards) Regulations 1983 (as amended). Additional guidance and current definitions of an overseas student for fee purposes are available from the UK Council for International Affairs ([UKCISA](#))
- 2) The following tables list the fees that will be charged to students starting their course during the 2016/17 academic year. Fees for Non EU students remain constant for the duration of the course unless the course registration is subsequently suspended or entry is deferred, in which case the fee rate in force at the time of re-registration will be charged.
- 3) Please note that additional bench fee/laboratory charges may be raised on certain postgraduate courses. Students will be informed of this when offered a place at the University.
- 4) **Charging and refund policy.** You should ensure that you are aware of the financial implications of suspending or terminating your studies prior to accepting your offer of a place at the University. ([Terms & Conditions](#)) Students in receipt of US Loans please see [here](#)
- 5) Where confirmation of an unconditional place on a course or the issue of a Confirmation of Acceptance for Studies (CAS) is subject to the payment of an advance deposit, this will be non-refundable except in certain cases (e.g. certified illness). Such deposits will be offset against the tuition fee due. A 'deposit' is defined as a 'non-refundable pre-payment towards the tuition fee'
- 6) The following fees are indicative of those that will be charged by the University for the academic year 2016/17 (not every course is listed). No variation on these fees will be allowed without written confirmation from the Academic Registry.
