My aim is to provide a clean, warm, safe, secure, comfortable and happy environment. I try to stimulate each child to learn and develop as a whole person, i.e. physically, emotionally, intellectually, socially, morally, culturally and spiritually. Remembering that each child will develop in a unique way, reaching developmental "milestones" or "norms" at different rates. I have attended a number of courses like promoting positive behaviour, food hygiene etc. Transport available in an emergency.</p>
